

Gateway to the World of Linux

Linux Learning Centre was founded in the year 1999 as a training school dedicated to the promotion and development of Linux OS. LLC is the first of its kind in the entire Asian subcontinent to start offering training and consultancy exclusively on Linux platform. Initially promoted by Institute for Specialised Education, Linux Learning Centre started offering education on the open source platform to the masses when Linux technologies were available with only a handful of self-taught professionals.

At Linux Learning Centre, we impart education on Linux, open source and open source based value added applications. Initially founded with the encouragement of the local open source users, LLC today has a global patronage attracting Linux learning aspirants from 6 continents. LLC has also imparted onsite training across the country and overseas to corporate and research centres. Linux Learning Centre has till date delivered Linux education to participants from more than 42 countries from 6 continents.

Linux Learning Centre keeps abreast with the latest innovative developments in the open source community, bringing the latest technology in to the class room. At LLC, our engineers always crave to implement the latest release versions - be it the bash shell or a Beowulf Cluster.

LLC has learning programmes on OS administration, security, internals, programming, RDBMS, Perl, Python & PHP Scripting on Linux, LAMP and Web Development & Design.

Linux Learning Centre is a Red Hat Training Partner. LLC is a channel for RHCE, RHCSS, RHCDS & RHCA Red Hat Certifications, the most respected OS certifications in the world. LLC has in its rolls certified professionals who deliver Red Hat Linux training leading to Red Hat Certification

Linux Learning Centre is a Gold Novell Partner offering NCLA & NCLP certifications based on SUSE Linux delivered by Certified Novell Instructors.

In short, Linux Learning Centre is - **The Gateway to the World of Linux.**
